

Reasoning Cards

Name each of these body parts.

Can you explain the job of each body part?

Reasoning Cards

Name each of these body parts.

Can you explain the job of each body part?

Reasoning Card 4

Name each of the body parts.

The body parts shown are the legs, the fingers, the neck, a knee and an elbow.

Can you explain the job of each body part?

Answers to the job of each part may vary. Examples are given below: Legs enable us to move, e.g. walk, run and climb.

Fingers allow us to pick objects up, point at things and touch objects.

Our neck holds up our head and is involved in movement of the head.

Elbows enable us to bend our arms and knees enable us to bend our legs.
