

Use your imagination and your senses to think about what you would see hear, smell and feel (touch and thought) in the jungle. Write them around.

Think of the nouns first, then adjectives, then verbs and adverbs.

e.g. monkey, hairy monkey, a hairy monkey swinging through the trees.

Use these to write full sentences e.g. High above Cinnamon she could see hairy monkeys swinging through the trees.

What nouns can you see in the picture? What nouns can you imagine are in the jungle? Think of adjectives to go with the nouns.

<u>Noun</u>	<u>Adjective</u>
