

# Description

I can describe the properties of everyday materials.

Look at the pictures and read the sentences. Choose the right words from the word bank at the bottom of the page to make the sentences make sense. Then have a go at describing the properties of some materials yourself.

Rock is \_\_\_\_\_.

Plastic is \_\_\_\_\_.

Wood is \_\_\_\_\_.

These jars are made from glass.

Glass is \_\_\_\_\_.

# Properties Poster

I can describe the properties of everyday materials.

Make a poster which describes one of these materials: wood, plastic, glass, metal, water or rock. Write the word in the middle, and then add the properties and some examples of objects which are made from your material around the outside.
