

## WB: 8th June 2020

15-20 minute tasks. There will be one computer based option and one option that does not require ICT for each activity. Please choose on or the other.

- Internet based activity.

- No internet required.

*\*Please note, in response to the news in the USA and across the world, I have set a "diversity challenge" and some tasks have the topic of equality in mind. I would like us all to think about how we are all different and all very special. I believe it is only right that this topic is acknowledged and addressed in a **child friendly way**. Experts say that the way we answer children's questions in regards to equality and racism could shape their feelings about this for years to come. Below the timetable, I have attached a handy guide for parents, written by Cbeebies to help you tackle questions your child/ren may have about racism.*

## Tips on explaining race & racism to kids

1. Educate yourself first.
2. Talk about diversity & use diverse books.
3. Avoid using skin colour as an identifier.
4. Don't claim not to see colour.
5. Showcase diverse role models, rituals & history.
6. Highlight organisations & individuals who are creating positive change.
