

RWI Extension Group

This PowerPoint/PDF contains the text and activities you should work through today.

You do not need to print this document.

You will be able to complete the lesson simply by accessing this on a screen such as a laptop or tablet.

All written tasks can be done on paper. Ideally this would be lined, but any paper is acceptable.

Friday

18.6.21

Friday

Write about new kinds of dinosaurs.

Did you know, the word dinosaur comes from two words that mean 'terrible lizard'.

The last part of each name — saurus — means lizard, but the first part of each name describes something particular about that dinosaur.

For example;

Stegosaurus means 'covered lizard' because it is covered in bony plates along its back.

Torosaurus means 'holey lizard' because it has two big holes in the 'frill' around its neck.

Brachiosaurus means 'arm lizard' because its neck is long and thin like an arm.

You are going to write about some new (made up) dinosaurs. Look at the pictures on the next page and the names they have been given.

Friday

Write about new kinds of dinosaurs.

Courageosaurus

Furiosaurus

Silliosaurus

Friday

Use these questions as prompts to help you write about each dinosaur. Remember to take inspiration from their names too!

Courageosaurus

What does the dinosaur look like?

How does it move?

What does it sound like?

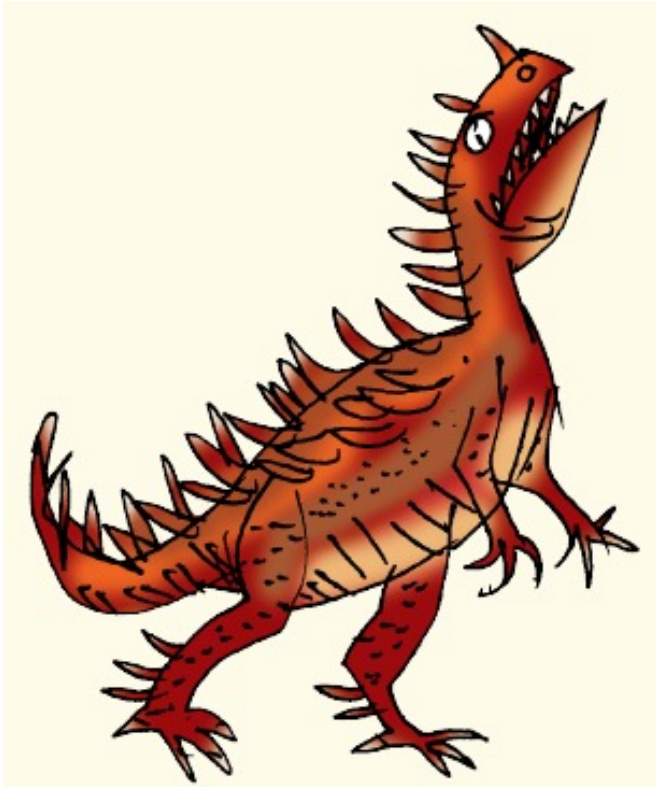

What does it eat? Is it herbivorous or carnivorous?

Why does it have this name?

What do the other dinosaurs think about it?
