

## Autumn 2 Homework Tasks KSI

Now that the children are fully engaged in our aspirations theme, we would like to suggest some additional activities that can be done at home to further enhance their enjoyment and understanding.

You can choose to do one or all of the following activities and present them however you would prefer! Bring them into school over the course of the half term and we will share them in class.

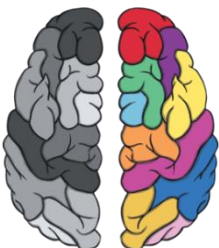

**Activity 1:** Watch an episode of programmes such as Junior Bake Off, Britain's Got Talent, Strictly Come Dancing or Alesha's Street Dance Stars. Encourage children to think and talk about their own aspirations and if programmes like these influence their own ideas. If they could be on any TV show (even if this does not exist yet!) what would it be and what would they do/perform?

**Activity 2:** Write some questions you would like to ask Ant and Dec about life as a celebrity.

**Activity 3:** As we will be learning about Mike Ashley, owner of Newcastle United, can you design a new football strip and/or club crest. This can be created and presented anyway you would like. Get creative!

**Activity 4:** In line with our Growth Mind Set ethos, can you think of the range of qualities a person needs to be successful in life? You can present this in any way you like. You may want to make a poster or information sheet. This can be hand written or using ICT.

We look forward to hearing/seeing what you come up with!
