

**Whole School Autumn Term Overview**  
**Overarching Theme – ASPIRATIONS**

**Intent:** We chose to utilise the overarching theme of 'Aspirations' to complement our curriculum offer. Children as young as 3 begin to form ideas about their place in the world. Therefore, it is vital that they are exposed to a wide variety of successful role models from all walks of life. Our curriculum is designed to expose our children to a range of opportunities and careers with the intention of raising their aspirations for success and to 'Dream Big!'
